

DR. RICHARD ROWE AWARD FOR CLINICAL EXCELLENCE

TERMS OF REFERENCE

Recognizes physicians who have demonstrated excellence in the delivery of clinical care in its broadest sense over a significant period of time. All clinicians involved in activities within the Department of Pediatrics are eligible for this award. Members of the faculty are eligible to receive the award once in ten years.

Candidates for the award should demonstrate many of the following characteristics:

- Exemplary and well-rounded clinician
- Practices in a collegial manner
- Consistent, durable, and continuous high standard of clinical care
- Team leader, facilitates collaboration locally and nationally
- National/international presence
- Leads in the application of clinical evaluative methods to activities of divisions/department
- Develops new clinical techniques
- Excellent mentor and role model
- Leadership role in the department/national development of clinical standards

NOMINATION GUIDELINES

- Nomination letter
- Minimum two (2) letters of support (group letters are acceptable)
- Additional documents (if applicable)
